Curriculum

Units of Study

Dynamics of Faith (5 Lessons)

The Bible tells us that without faith it is impossible to please God—but what is faith and how do we use it? These courses will establish in you a vital—and strong—faith foundation. You'll also receive a clear, biblical picture of the believer's rights and privileges in Christ.

Healing Truths (7 Lessons)

God's Word supplies the key to unlock the blessings of divine healing. The scriptural truths taught in these courses will dispel myths about this Bible doctrine and show you clearly how to live victoriously over sickness and disease.

Life of Prayer (4 Lessons)

Prayer is the supply line connecting man's needs to God's resources. It is also the channel of fellowship and communion with God. Study and gain insight into the relevance of prayer in all dimensions of the life of faith.

The Christian Life (7 Lessons)

God wants His children to be well equipped to overcome any enemy attack. This unit is designed to enable Christians to escape everyday pressures and enjoy victory in every trial. It covers many aspects of life, from recognizing the Holy Spirit's voice and following God's plan to walking in love and building strong relationships.

Charismatic Truths (6 Lessons)

These courses emphasize the Person and purpose of the Holy Spirit, the baptism in the Holy Spirit, His administration of the gifts of the Spirit, and His work in us. You'll also discover how to hear God's voice and follow His direction for your life.

Christology (4 Lessons)

The life, teachings, and redemptive work of Christ are the themes of this unit. Christianity is more than a philosophy, a religion, a faith, or a practice. Christianity is a life that centers on the person of its founder, Jesus Christ. Accordingly, Christian knowledge must center on Him—His person and His life, what He taught, and what He did.
